A BANNER camp-fire and reception were given at Capital Hall Monday evening, in honor of the presence of Department Com-

mander P. D. Biodgett of St. Johnsbury, by Brooks Post, Brooks Relief Corps and Gen. Stephen Thomas Camp, Sons of Veterans. Commander Blodgett was escorted by the Montpelier Military Band, the Post and the Sons of Veterans to the hall, where the order of exercises opened with music by the band. Past Commander Willard Holden presided and spoke briefly, introducing Captain Blodgett, who spoke at some length upon the general subject of the Grand Army of the Republic and congratulated the various organizations present upon their efficiency and high standing. Colonel Smith gave an exceedingly interesting talk upon the origin and history of various figas, and in a neat closing speech presented to Brooks Post an elegant flag. This was received by Post Commander Baker, who responded in behalf of his comrades. General Thomas, in a characteristic speech, ceived by Post Commander Baker, who responded in behalf of his comrades. General Thomas, in a characteristic speech, presented a flag to the camp of the Sons of Veterans which bears his name, it being formally received for that organization by Captain F. L. Eaton, whose words of reply were most happily chosen. Short remarks by Councades Freeman of Waterbury Center and Lull of this place and music by the band added to the very pleasant exercises of the evening. The gifts of flags were perfect surprises and are delightful testimonials of the interest of the donors in the objects of the Post and the Sons of Veterans. Each flag is a beautiful and costly affair, made of silk, bordered with gold fringe and cord and mounted on a staff tipped with an eagle. On either, in gilt, is the symbol of the order, the name of the organization to whom it is given and the name of the giver. Both were made by Charles O. Eaton, Boston, who painted the state flags carried by Vermont regiments during the war and who arranged them in the cases in which they are now enclosed at the capitol.

THE board of civil authority was in session all day Monday and the larger part of Tuesday to consider the cases of the few persons who were aggrieved by the action of the listers in assessing their property. The first case before the board was that of Thomas Moriarty, who gave his list as cash and debts due, \$800, real estate, \$1,200, and swore off his personal property. The listers found \$3,480, added the real estate and doubled the sum, and their action was sustained by the board. H. W. Goodrich failed to give in a list and the listers rated his horse at \$125 and doubled the amount. Charles H. Parker refused to make an inventory and was assessed \$200 by the listers, who were upheld by the board in both cases. In 1885 J. C. Emery gave \$9,700 as the amount of cash and debts due; in 1886 he made it \$8,600; this year he reduced it to \$900. The listers rated his real estate at \$6,300, personal estate at \$8,350, and, doubling, assessed him at \$29,300. Mr. Emery claimed that in 1885 and 1886 he had inadvertently made the cash and debts due ten times larger than it should have been, but investigation showed that beyond question the amount given this year was too small, and the board sustained the action of the persons who were aggrieved by the action the amount given this year was too small, and the board sustained the action of the
